

Mandatory CompTIA Practice Exams (required to apply for voucher)

In order to receive credit towards completion of the required Information Assurance certification pre-assessment, the IA member must adhere to the following:

All personnel wishing to receive a free CompTIA certification exam voucher must successfully pass the CompTIA pre-certification assessment described below.

The CompTIA pre-certification assessments are available to *IA Technicians and Managers*. You can use these assessments to determine your readiness to sit for CompTIA A+, CompTIA Network+ or CompTIA Security+. The results from these assessments will allow you to know what areas you are strong in and which areas you may require some additional training.

CompTIA does not keep a record of the assessment report – you should print your report at the end of the test, prior to exiting. You will have to show your results to your IA Manager before they can authorize you to obtain a DoD provided certification voucher.

- (1) Go to <http://currency.comptia.org/dod> from a computer that is connected the internet and a printer
- (2) Enter **Name, Component name and your .mil email address**
- (3) Enter your Components **User ID and password** provided by your IAM
(if you need the ID and Password, email: cray_cqcredentials@navy.mil)
- (4) Select preferred assessment:

PC Technician = A+ objectives

Network Technologies = Network+ objectives

IT Security = Security+

Optional CompTIA Practice Exams (for self-assessment only)

The following listing of optional CompTIA practice exams are **for self-assessment only**. They **will not be accepted when requesting a free certification exam voucher**. These are best suited for individual/group studying to prepare for the Mandatory CompTIA Pre-Assessments.

- 1) go to <https://www.nko.navy.mil> from a computer that is connected to the internet
- 2) go to Navy e-Learning
- 3) Search for the courses below
- 4) Enroll in the TestPrep and assess your knowledge

TestPrep 220-301 A+ Core Hardware	TP220301_ENG
TestPrep 220-302 A+ Operating Systems Technologies	TP220302_ENG
TestPrep N10-003 Network+ 2005	TPN10003_ENG
TestPrep SY0-101 Security+	TPSY0101_ENG

Mandatory Microsoft Practice Exams (required to apply for voucher)

In order to receive credit towards completion of the required Information Assurance certification pre-assessment, the IA member must adhere to the following:

All personnel wishing to receive a free Microsoft certification exam voucher must successfully pass the Navy e-Learning TestPrep assessment below that meets their certification requirements:

The Microsoft TestPrep pre-certification assessments are available to *IA Technicians and Managers*. You can use these assessments to determine your readiness to sit for a variety of Microsoft exams. The results from these assessments will allow you to know what areas you are strong in and which areas you may require some additional training.

Microsoft does not keep a record of the assessment report – you should print your report at the end of the test. You will have to show your results to your IA Manager before they can authorize you to obtain a DoD provided certification voucher.

- 1) go to <https://www.nko.navy.mil> from a computer that is connected to the internet
- 2) go to Navy e-Learning
- 3) Search for the courses below
- 4) Enroll in the TestPrep and assess your knowledge

Mandatory ISC2 CISSP Practice Exams (required to apply for voucher)

In order to receive credit towards completion of the required Information Assurance certification pre-assessment, the IA member must adhere to the following:

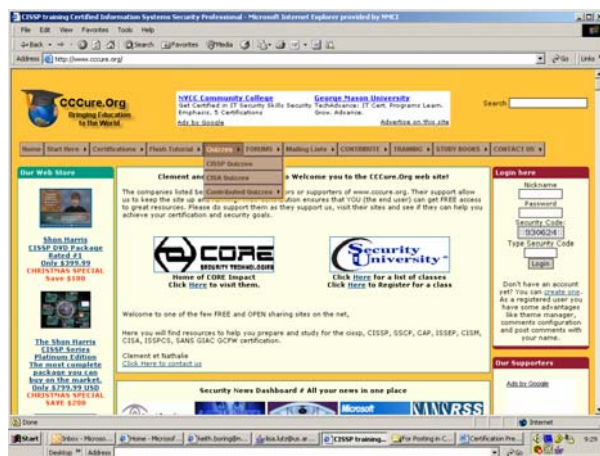

No Mandatory ISC2 CISSP pre-certification assessments have been identified for *IA Technicians and Managers*. When identified, the instructions to access the practice exams will be distributed. No pre-test is required until this has been identified.

Optional ISC2 CISSP Practice Exams (under assessment/may be used to apply for voucher)

Optional ISC2 CISSP pre-certification assessments are available for *IA Technicians and Managers*.

The following web site provides an excellent source for self study and self assessment towards CISSP:

<http://www.cccure.org>

Another source available:

You can use the shareware assessments identified below to determine your readiness to sit for the CISSP exam. The results from these assessments will allow you to know what areas you are strong in and which areas you may require some additional training.

ISC2 does not keep a record of the assessment report – you should print your report at the end of the test. You will have to show your results to your IA Manager before they can authorize you to obtain a DoD provided certification voucher.

To access the optional CISSP practice exams: <http://www.freedownloadcenter.com/>

Shareware: Software distributed on the basis of an honor system. Most shareware is delivered free of charge, but the author usually requests that you pay a small fee if you like the program and use it regularly. By sending the small fee, you become registered with the producer so that

you can receive service assistance and updates. You can copy shareware and pass it along to friends and colleagues, but they too are expected to pay a fee if they use the product.

Boson Practice Tests for CISSP Exams

Mandatory SANS GIAC/GSLC Practice Exams (required to apply for voucher)

In order to receive credit towards completion of the required Information Assurance certification pre-assessment, the IA member must adhere to the following:

SANS Assessment Only for DoD & 8570

To help support the DoD 8570 Directive, DIAP worked with SANS to provide a site license to SANS Assessment Only tool for 8570 related classes to all DoD employees. This does **not** apply to DoD contractors. These assessments include:

- SEC309 Intro to Information Security- GISF
- SEC401 SANS Security Essentials- GSEC
- SEC503 Intrusion Detection In-Depth- GCIA
- SEC504 Hacker Techniques, Exploits and Incident Handling - GCIH
- MGT512 SANS Security Leadership Essentials For Managers - GSLC
- MGT414 SANS +S™ Training Program for the CISSP Certification Exam-GISP (CISSP)
- AUD522 SANS +S™ Training for the ISACA CISA Certification Exam (CISA)

Important Notes:

- Some Assessments are still in development and not yet available. The online registration page will list those assessments that are currently available. Each assessment has a \$179 value.
- The GSE Certification is achieved by passing a combination of the GSEC, GCIA & GCIH exams. For more information, visit <http://www.giac.org/certifications/gse.php>. GSE Certification requirements are subject to change.
- Through this site license, any DoD employee has **free** access to SANS Assessment Only tools (\$179 value) as related to the classes listed above. If you can pass SANS assessments, you should be ready to try the real exam.

Steps to enroll in your free SANS Assessment Only tool:

1. You need a SANS Portal Account (If you have not already, create a SANS Portal account at <https://portal.sans.org>). Log into your SANS Portal Account.
2. Go to SANS OnDemand web page (www.sans.org/ondemand/)
3. Click on the yellow "Register" button under the header "Assessment Only."
4. Complete the application page by following all three (3) steps listed (contact information, track you want to take, and the discount code) and click "Proceed." Your discount code is **DoD8570**.
5. You should get an "Order is Complete" message on the next page and a confirmation Email. You can also download your invoice or view your invoice at <https://portal.sans.org/history> (it will be for \$0, no payment due).
6. When your assessment is uploaded into your SANS Portal Account, you will receive a 2nd confirmation email. Under your Welcome message in your Portal account, click on the SANS OnDemand link and start your assessment.

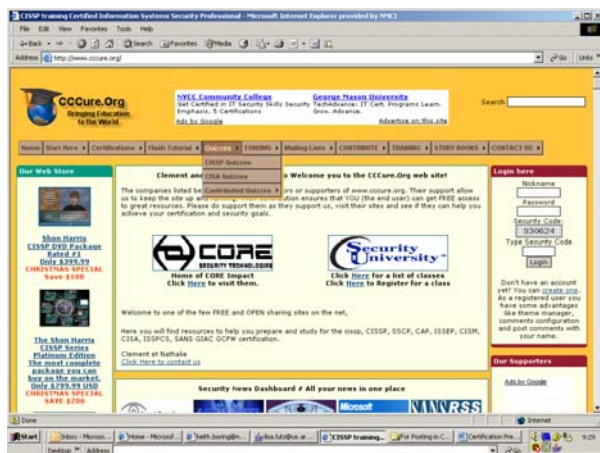

If you have any questions with your assessment, contact <mailto:OnDemand@sans.org>.

Optional SANS GIAC/GSLC Practice Exams (may be used to apply for voucher)

Optional ISC2 CISSP pre-certification assessments are available for *IA Technicians and Managers*.

The following web site provides an excellent source for self study and self assessment towards GIAC:

<http://www.cccure.org>

Another source available is listed below, however, these exams are available for a fee, which currently is not reimbursable.

(note: These practice tests are not free. Click on link at the top of each section for web site info)

MGT 512 - GIAC Security Leadership Certification (GSLC) Practice Tests

The GIAC Practice Tests allow you to have an understanding of what to expect on the examination. GIAC Practice Tests are a proven aid in helping to master material covered on the GIAC exams and earn the valued certifications. Why worry about expensive purchase of retakes and wasted time when you can take a practice test beforehand at a fraction of the cost of the actual exam. The GIAC Practice Tests allow you to have an understanding of what to expect on the examination to significantly improve your chances for success.

The practice tests are taken on-line and are designed to simulate the format of the actual GIAC exams with the same number of tests, multiple-choice questions and time-limits. The practice test questions, which are selected from our Online Training quiz bins, are written by the same authors who write the GIAC exams; so you can be confident that the quality of your results will be similar to the actual exam. During the practice tests, each time you choose a wrong answer, you will receive the correct answer and an explanation that will help to reinforce the subject matter presented in the question. The practice tests also include a counter that shows the current number of questions that you answered

correctly, wrong and how many questions are left in the test. You will only have one attempt at each practice test, if you need more attempts you will need to purchase another set. If you purchase a new practice test set, the on-line system will quiz you again on the questions that were originally answered incorrectly while asking new questions.

The tests can be purchased in bundles at a discounted price and accounts can be assigned to other students throughout your entire organization. The practice tests are given through the SANS Portal, which is a free service, that includes access to newsletter subscriptions, allows participation in various surveys, and gives the reader the ability to customize the SANS home page. Click here to see the SANS Portal: <http://portal.sans.org>.
